

WINTER PRESEASON!

Limited Time Sale | September 1st - October 15th, 2024

Up To 14% OFF Your Purchase!

Promo Code: "WPS24" | Place orders: ICMOrders@ICMControls.com | Full details on last page

ICM325A

Universal Head Pressure Control

Consolidating all existing single-phase head pressure controls into one unit, the ICM325A allows users to set and adjust desired parameters wirelessly using their mobile phone.

- ✓ Universal input voltage 120-600 VAC
- ✓ Universal Control voltage 24-240 (jumper enabled)
- ✓ Fully programmable parameters via the ICM OMNI mobile app
- ✓ Inputs for two temperature sensors or two pressure sensors
- ✓ Heat pump bypass for full speed operation in heating mode

Replaces:

- ✓ ACT: FM2000
- ✓ Ranco: E31Series
- ✓ Johnson Controls: P66AAB/P66AAD
- ✓ Hoffman: 800, 800A, 800AA, 814-50, 816-10
- ✓ ICM: ICM325H, ICM325HNV, ICM326HN, ICM327HN, ICM333

ICM517A Single Phase Surge Protection

A NEMA Type 4X enclosed Type 2 Surge Protective Device (SPD) designed to protect valuable single-phase equipment by dissipating momentary voltage spikes and transient power surges.

- ✓ Built to withstand the high impact of a major surge event
- ✓ Constructed in a robust Cast Aluminum enclosure for maximum durability
- ✓ Featuring a redesigned rivet sealed molded case with an internal gasket
- ✓ Nema Type 4X rated for indoor/outdoor installation
- ✓ Updated to the latest addition of UL standards
- ✓ Withstands effects of prolonged UV exposure better than ABS plastics
- ✓ UL Rated Powder Coating for superior corrosion resistance
- ✓ Easy Installation

Replaces:

- ✓ ACT: FM2000
- ✓ Ranco: E31Series
- ✓ Johnson Controls: P66AAB/P66AAD
- ✓ Hoffman: 800, 800A, 800AA, 814-50, 816-10
- ✓ ICM: ICM325H, ICM325HNV, ICM326HN, ICM327HN, ICM333

ICMUFPT-2 & ICMUFPT-5 Universal Function Programmable Timers

- ✓ Universal input voltage 24 -240 VAC
- ✓ 40 ma min load requirement (2-wire only)
- ✓ Reduce truck stock inventory
- ✓ Includes a 5 Amp dry contact output relay for controlling a load directly - no minimum load requirement (5-wire only)
- ✓ NFC technology allows for the user to change timer application on the fly using a smart phone to set up all functionality of the timer including mode and delay time.
- ✓ Installation instructions, wiring diagrams, and timing diagrams conveniently displayed on the App
- ✓ Easy installation

Replaces:

- ✓ ICM102, ICM102F, ICM103, ICM104, ICM203, ICM203F & ICM206 and over 85 legacy ICM timers
- ✓ A-1, Diversified, Gemline, Ice-O-Matic, Mars, Robertshaw, Supco, Wagner/ Diversitech

Starters, Control Boards, Voltage Monitors & more

ICM450A

ICM450A PLUS+

ICM450A SERIES Three-Phase Voltage Monitors

The latest 3-phase offerings, providing superior motor protection from premature failure and damage caused by common voltage faults such as phase unbalance, over/under voltage, phase loss, and phase reversal.

- ✓ Backlit LCD
- ✓ Simultaneous 3-phase true RMS voltage monitoring
- ✓ 3-phase voltages simultaneously displayed on LCD
- ✓ Fault memory
- ✓ Fault monitoring: High / low voltage, voltage unbalance, phase loss, phase reversal
- ✓ Real time clock, date and time stamped events (ICM450A+PLUS)
- ✓ Fully adjustable variables
- ✓ Modbus RS485 communications (ICM450A+PLUS)
- ✓ LED indicators
- ✓ Common 1/4" quick connect terminations

ICM1501 - ICM1502 - ICM1503 Oil Primary Control

The latest 3-phase offerings, providing superior motor protection from premature failure and damage caused by common voltage faults such as phase unbalance, over/under voltage, phase loss, and phase reversal.

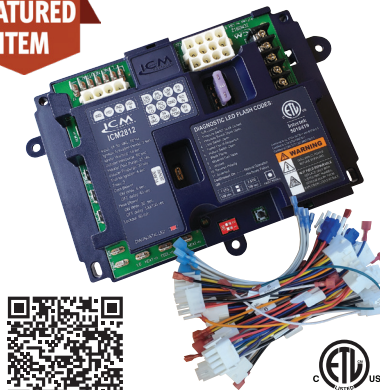

- ✓ Controls oil burner, oil valve (if desired) and the ignition transformer in response to a call for heat
- ✓ Solid state flame sensing circuit
- ✓ LED on terminal strip indicates system lockout
- ✓ Enclosed safety switch with external reset button
- ✓ C554A Cadmium Sulfide flame detector required
- ✓ Form, fit and functional replacement for popular competitive models

ICM2812-KIT Universal Furnace Control Board

Replacement for the White-Rodgers 50M56U-843 and more than 150 Furnace Boards including models from Honeywell, Johnson Controls, Robertshaw, White-Rodgers, Fenwall, HSC, Camstat and more. KIT includes cable harnesses.

See all crosses here:

ICM2918 Universal Intermittent Pilot Ignition Control

Replacement for the Honeywell S8610U & over 280 other models from: Camstat, Fenwall, Honeywell, HSC, Johnson Controls, Robertshaw and White-Rodgers. Provides ignition sequence, flame monitoring and safety shutoff for single/dual rod intermittent pilot control for gas fired furnaces, boilers and other heating applications.

See all crosses here:

ICM870-9A-16A-32A Soft Starters

- ✓ Reduces in-rush current/draw necessary at startup by up to 70%
- ✓ Prolong the life of the A/C by reducing excessive torque, wear and tear
- ✓ Reduce loud noises, light flickering, and breaker trips
- ✓ Built-in self-learning algorithm
- ✓ Over-current protection
- ✓ Over/under voltage monitoring
- ✓ Built-in start capacitor
- ✓ LED fault indicators
- ✓ Ultrasonic sealed tamper-proof enclosure
- ✓ Installation hardware is included

ICM550-ENC Multi-Functional Weatherproof Timer

- Enclosed 24-hour multi-functional timer
- Timed or manual termination
- High power relay outputs
- 100% monitoring of inputs and outputs
- Adjustable 15 minutes to 23 hours 45 minutes defrost cycle
- Simple to use, drag & drop replacement for popular models
- Weatherproof Enclosure Ratings
- Rugged, NEMA/TYPE 4X rated plastic, weatherproof enclosure
- Easy to mount and lockable

Power Protection Products

Low cost insurance for your most valuable assets. Protection from power anomalies including:

- Lightning strikes
- Summer Brownouts
- Power outages & recoveries
- Downed power lines
- Dirty Power
- Startup of larger equipment
- Poor wiring
- Equipment failure
- Short circuits and more...

Limited Lifetime Warranty on all ICM Surge Protective Devices

ICM-UMSR-50 Universal Motor Starting Relay

ICM's award-winning Universal Motor Starting Relay incorporates patented differential voltage sensing and a non-positional mounting configuration to offer a single replacement for all standard potential relays. Great way to reduce inventory. Replacement for all standard potential relays.

- ✓ Replacement for all standard single-phase relays 110-270 VAC
- ✓ No user-adjustments required
- ✓ Patented differential voltage sensing
- ✓ 50A switching capabilities
- ✓ Non-positional mounting configuration

ICM493 SERIES

Single-Phase Voltage Monitors with Surge Protection

- ✓ Protects against over and under voltage, rapid short cycling caused by transients, and high-power surges
- ✓ Fault history feature records and retains the five most recently occurred faults in non volatile memory
- ✓ Ideal for mini-splits or other condensing units
- ✓ Easy to view, backlit digital display
- ✓ Bank of five L-L surge arresters
- ✓ Built-in 40A contactor
- ✓ NEMA Type 3R rated metal enclosure for outdoor use
- ✓ Easy installation and setup

ICM102B

Delay on Make Timer

- ✓ Universal voltage operation
- ✓ Ideal for compressor staging
- ✓ Adjustable time delays
- ✓ Higher 1.5 amp power rating
- ✓ Simple 2-wire hookup

ICM203B

Delay on Break Timer

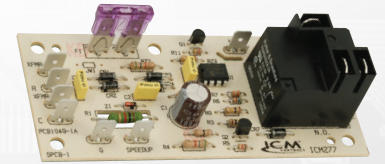

- ✓ Universal voltage operation
- ✓ Helps to protect compressors from damage by rapid short cycling
- ✓ Adjustable time delays
- ✓ Higher 1.5 amp power rating
- ✓ Simple 2-wire hookup

ICM277

Fan Blower Post Purge Time Delay

- ✓ Microprocessor-based fan blower
- ✓ For circulating fan in heat pump, A/C and forced air systems

ICM292A

Furnace Control Board

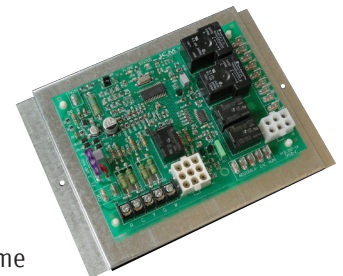

- ✓ Direct Spark Ignition (DSI) control board
- ✓ Microprocessor-based
- ✓ Controls induced draft and indoor blower motor; humidifier output, spark ignitor and gas valve
- ✓ Monitors timing, trial for ignition, flame sensing and lockout
- ✓ 100% lockout safety feature
- ✓ Compatible with LP or natural gas
- ✓ Status LEDs for fault codes to aid in troubleshooting

ICM2805A

Furnace Control Board

- ✓ Controls gas valve, inducer draft motor, circulating blower and hot surface ignitor
- ✓ Monitors timing, trial for ignition, flame sensing, lockout, plus pressure, roll out and limit switches
- ✓ Microprocessor-based precision
- ✓ Twinning compatible with another ICM2805A furnace control
- ✓ Diagnostic LEDs aid in testing and troubleshooting in troubleshooting

WINTER PRESEASON DETAILS

Up to 14% discount on ICM orders placed between September 1st - October 15th, 2024

- » Up to 10% discount with standard 30 day terms
- » Up to an additional 2% off for payments within 10 days

ORDER SIZE	ORDER STANDARD DISCOUNT %	ADDITIONAL % ON FEATURED ITEMS	PAYMENT TERMS	FREIGHT	PROMO CODE
\$50,000 +	10%	2%	ADDITIONAL 2% 10 NET 30	FREE	WPS24
\$15,000 - \$49,999	8%	2%	ADDITIONAL 2% 10 NET 30	FREE	WPS24
\$5,000 - \$14,999	6%	2%	ADDITIONAL 1% 10 NET 30	FREE	WPS24

NOTE: Promo code **WPS24** must be clearly indicated on PO's, within emails, and/or email subject lines to qualify for promo discounts!

ADDITIONAL PROGRAM DETAILS:

- Orders submitted between Sept 1st - Oct 15 will be processed for immediate delivery for in-stock items, and by no later than 30 days for non-stock items.
- To participate, **eligible customers must add the PROMO CODE "WPS24"** in one or more of the following places: 1) Submitted PO's; 2) Email Subject Line; 3) Body of email.
- Orders are based on standard product pricing; discount is applied to order total.
- Program is not to be combined with any other promotional programs or offers.
- Minimum order size to qualify for discount is \$5,000.
- Program STARTS September 1st, 2024; orders MUST BE PLACED BY October 15th, 2024.
- Shipments must be scheduled before October 15th, 2024.
- Standard NET30 terms apply; additional discounts for early payment within 10 days.
- ALL SALES ARE FINAL and DO NOT COUNT toward any future reallocation programs.
- Product pricing is subject to change only as a result of unforeseeable, external events.
- Orders placed before September 1st, 2024 do not qualify for this program.
